- Optional integrated cable management
- Suitable for a wide variety of private and public environments

ANNEX TABLE OVERHANG DESIGN BY JOHN TREE

Designed for HAY by John Tree, Annex Table Overhang combines well-balanced proportions with architectural strength, creating a versatile table that seamlessly adapts to any space or situation. The rectangular design comprises a frame and tubular legs made from solid oak or aluminium, sourced from at least 75% recycled post-consumer scrap and extruded in Europe, with a variety of tabletop options, including Kvadrat's Really Textile Tabletop™ made from 70% end-of-life textiles. With its considered material use, range of sizes, and optional integrated cable management, Annex is a practical and inviting choice for corporate, dining, and multifunctional spaces.

British John Tree is a London-based product and furniture designer. He opened his own office in 2016, pushing and exploring industrial processes to create contract and domestic furniture, lighting, accessories, and electronics. His work has been featured in numerous international publications and has earned several prestigious design awards. For HAY, John Tree has designed the Apex and Cupola Lamp collections, and Annex Table.
